

School Health Nurse

Make a difference in the health and well-being of children – while enjoying a schedule that supports your life outside of work.

The Benzie-Leelanau District Health Department is looking for a **School Nurse** to serve students at **Lake Ann Elementary School and Betsie Valley Elementary School** in Benzie County.

As a school nurse, you'll be an important part of the school community – helping students stay healthy, safe, and ready to learn. You'll have the opportunity to use your nursing expertise in a variety of ways, including:

- Developing and supporting care plans for students with chronic health conditions
- Assessing and providing basic first aid and care for ill or injured students
- Helping schools meet requirements related to communicable disease and immunization reporting
- Promoting healthy habits and wellness throughout the school community
- Providing health education to support students, families, and school staff
- Training school staff to appropriately response to students' health needs
- Building strong, collaborative relationships with students, parents, teachers, administrators, and community partners.

This is a great opportunity for a nurse who enjoys variety, values independence, wants to make an impact on children and families, and would like to work a school schedule.

What We're Looking For:

- Current Michigan Registered Nurse (RN) license
- Nursing experience in pediatrics, school nursing, community health nursing, or related field
- Ability to work independently while collaborating effectively with school and health department teams
- Strong communication and relationship building skills
- A genuine interest in promoting the health and well-being of children and families

What We Offer:

- 4-day work-week – approximately 30 hours/week
- \$34-\$41 hour
- No weekends or holidays
- Work only when school is in session
- A supportive team of school nurses
- Paid sick time accrued in accordance with the Michigan Earned Sick Time Act (ESTA)

Important: Funding for this position is currently secured through the end of the 26-27 school year (June 2027). Employment beyond June 2027 is not guaranteed and will depend on future funding.

If you're looking for a nursing position where you can use your skills in a rewarding community-focused setting, while maintaining a schedule that supports work-life balance – we'd love to hear from you.

Please submit your resume and cover letter to mklein@bldhd.org by August 17, 2026.
