Students will also focus on different genres of literature, novel study, oral and auditory communication skills and informational text and technical writing. Students will also develop an understanding of grammar and parts of speech.

Honors English 7

Full Year

The concepts of English 7 are already useful and understood for these students. Students will focus on historical fiction, Shakespeare, and effective writing for different genres and purposes. Students are expected to read a difficult text, as well as write and revise independently. Prerequisites for this class include teacher recommendation.

English 8

Full Year

Areas of concentration will be: grammar, ACT/SAT vocabulary, short stories/drama/poetry/myths, at least three novels of fiction, at least one novel of non-fiction, informal essay/formal essay/research-based writing. Added emphasis will be placed on independent reading projects (three total projects that include reading at least four novels) and public speaking.

Honors English 8

Full Year

Areas of concentration will be: advanced grammar, extensive ACT/SAT vocabulary, short stories/drama/poetry/myths, at least five novels of fiction, at least two novels of non-fiction, various selections of classical literature, informal essay/formal essay/research-based writing. Added emphasis will be placed on independent reading projects (three total projects that include reading at least seven novels), public speaking, and one community service assignment. Prerequisites include: place in the top 28 via one take-home exam, one in-class exam, M-STEP and /or NWEA test results (ELA portions), AIMS test results, and 7th-grade performance (all four marking periods).

MATHEMATICS

Math 6

Full Year

This course provides a continuation of elementary principals and works with decimals, fractions and equations as well the introduction to new algebraic concepts

Math 7

Full Year

Math 7 - This course follows the Common Core State Standards for 7th grade which focus on the 8 math practices (taught K-12) and topics which include Number Systems, Expressions, Equations, Ratios; Proportional Relationships, Geometry, Statistics; Probability.

Honors Math 7

Full Year

Honors Math 7 - This is an accelerated class to prepare students for High School. Algebra I in the 8th grade. Content will include all of the 7th-grade math expectations along with much of the 8th-grade math expectations. This class is very fast-paced, so students must have a strong understanding of 6th-grade math concepts, maintained a B+ or better average, performed well on tests, be an independent learner and have a written recommendation by their teacher. Excellent attendance and work ethic is a must.

Math 8

Full Year

This course is designed to prepare students for Algebra I in 9th grade. It covers the Common Core State Standards for 8th-grade math. Topics include, but are not limited to linear equations and inequalities, systems of equations, functions, statistics, and geometry.

Algebra I

Recommended for Grade 8

Full Year

1 Credit

Algebra I is the study of linear, absolute value, quadratic and exponential functions and inequalities. For each family of functions, there will be a study of graphs and equations as well as a connection between the different representations and their connection to real-world situations. The study of linear and exponential functions will also be connected to the arithmetic and geometric sequences. The class also looks at systems of all types of these equations.

SCIENCE

Science 6

Full Year

This course is the study of physical earth, life forms, cells, volume mass and some beginning concepts of physics.

Science 7

Full Year

An integrated curriculum consisting of the study of Biology, Ecology, and Earth Science. Students will demonstrate their knowledge through labs, observations, projects, and writing.

Science 8

ELECTIVE COURSES

Art

Recommended for Grades: 7-8

Full Year

Art is a yearlong course giving students a basic understanding of art history, the elements and principles of art, as well as giving students many opportunities to create many advanced Art projects using a variety of mediums and techniques such as clay, sculpture, painting, drawing, paper mache, oil pastels and more.

Choir

Recommended for Grades: 6-8

Full Year

Middle school choir is designed to teach beginning singing skills through individual and group practice of vocal warm-ups; techniques, music theory, and performance. These skills are reinforced on a daily basis throughout the school year. In performance classes, students learn most of the content and skills by experiencing them directly through the performance of the music (learn by doing).

Band

Recommended for Grades: 6-8

Full Year

Band I

This course provides the opportunity for students to select and learn to play a brass (trumpet, french horn, trombone, baritone, tuba), woodwind (flute, clarinet, oboe, saxophone, bassoon), or percussion instrument. Students will develop rehearsal skills, technical/rhythmic skills, proper tone/intonation, and learn to play together as a balanced ensemble. All students enrolled in the course are required to rent or own an instrument (with the exception of large wind instruments) and to perform in three concerts throughout the year, one of which is a recorder concert in October.

Band II

This course provides continuing instrumental musicians with additional opportunities, such as, Solo and Ensemble Festival, and Middle School Honors Band. Students will participate in MSBOA Band Festival; while continuing to develop rehearsal skills, technical/rhythmic skills, proper tone/intonation, and musical interpretation throughout the year. **Required performances include: three school concerts throughout the year, in addition to Band Festival.**

Basic Theater Arts

Recommended for Grades: 7-8

Full Year

Benzie Theater Arts class is designed to teach students public speaking skills so that they can become more confident individuals. It is also designed to give students a basic idea of all the elements of theater. At the end of the year, we will put all the elements together for an end of the year performance project.

Body Mechanics

Required Grade: 7-8

Full Year

This course is designed to give its participants the opportunity to learn training concepts and techniques used for obtaining and maintaining optimal physical fitness. Students will benefit from comprehensive weight training, cardiorespiratory endurance activities, and an introduction to performance-based training. Students will learn and apply the basic fundamentals of weight training, strength training, aerobic training, fitness training/conditioning, nutrition, and applied functional sciences (i.e., the convergence of physical, biological and behavioral sciences that consist of the principals, strategies, and techniques process for functional assessment, training and conditioning, rehabilitation and injury prevention). Prerequisite: athletics team.

Construction Trades 8

Grades 8

Full Year

Introduction to woodshop with an emphasis on the understanding of construction trades in the mathematical and real-world applications.

Physical Education

Required Grade: 6-8

Full Year

A co-ed class where health and hygiene are emphasized by earning grades for dressing-out and participating in daily exercises and sports activities to increase physical fitness.

Spanish I
Grade 8
Full Year
1 Credit

Students will be introduced to the Spanish language and culture. In a variety of classroom activities, students will acquire vocabulary and grammar in order to speak Spanish. While the focus of the course will be on speaking, students will also learn to listen to, read, and write Spanish. Student success in Spanish is dependent upon the completion of daily homework, weekly vocabulary quizzes, tests, and projects. A strong understanding of English grammar is also stressed.
