COVID-19 Vaccine Available Now for 12-18 Year Olds!

The Health Department of Northwest Michigan is offering the free, safe and effective Pfizer COVID-19 vaccine at clinics across Antrim, Charlevoix, Emmet and Otsego counties for anyone 12 years and older!

These clinics are available throughout the summer and fall at convenient times and locations. A parent/guardian must accompany a minor.
To locate a clinic near you, visit nwhealth.org or scan the QR code below.

Being vaccinated allows your adolescent to:
Join in all your family fun
Gather safely with their friends
Attend camp and other social activities
Be safe, healthy, and set a good example in their community
